

Utah AFA/AEF Teacher of the Year Award Helpful Hints

This attachment indicates what AEF reviewers look for with each application. Feel free to include relevant additional items not listed.

Listed documentation will help ensure evenly matched competition, but we do not want to unduly restrict your entry. A group that includes Utah classroom aerospace education teachers will evaluate application packages.

- Your professional development.
- Your teaching philosophy in brief.
- ***(Critical Item)*** How do you instill interest in aerospace and support classroom connections to our nation's need for qualified individuals in aerospace careers, e.g., curricula, activities, etc? How much of your total effort integrates aerospace education-related teaching?
- Your research into aerospace education classroom connections/ integration.
- Honors and Awards received.
- Relevant civic service accomplishments.
- Relevant hobbies.
- Recommendations from students, colleagues, community and/or business leaders. Letters from former students resulting from your influence on their success in any aerospace-related field of endeavor.
- Community aerospace education outreach efforts.
- **Complete the basic application form.**
